A brand of experience

Assessor Refresher/Renewal Training

Perform competence assessments of air traffic controllers

Overview

Assessors for air traffic controllers regularly need to renew and update their skills and qualities.

In this course DFS Aviation Services focuses on **assessment skills and current operational practices** in order to either extend or renew an assessor's endorsement according to ATCO.C.060 (EU) 2015/340.

The course combines classroom-based lessons with practical exercises/simulations.

Course

Objectives

- Extend or renew your endorsement according to ATCO.C.060 (EU) 2015/340

Content

- Classroom-based lessons
- Practical exercises/simulations
