

We are DFS Aviation Services

As part of the DFS Group, one of the world's largest air navigation service providers, we offer air navigation services and specialize in the distribution of software solutions as well as consulting and training services worldwide.

DFS Aviation Services can be found at a total of 17 international locations in 6 countries. We have different representative and branch offices in Asia and South America and subsidiaries in Middle East.

As a modern aviation company we stand for the perfect mix of well-founded experience and progressive ideas. A high quality standard is just as important to us as a lean organisation, international networking and honest ambitions.

We look forward to receiving your application stating your earliest possible starting date. If you are not free now, join one of our teams in the middle east region at a time of your choice and become part of our talent pool – we are flexible and make things possible.

Please send your application documents to your contact person Manuel Stein: jobs.middleeast@dfs-as.aero

We are looking for

Air Traffic Control Officer's – Dubai (DXB & DWC)

Our offer

As a highly motivated and qualified Air Traffic Controller, we offer you a challenging and creative opportunity working as a Tower or Approach Controller in our new site in the middle east region – TWR & APP at DXB and DWC.

You will work for the DFS Group - one of the most stable and professional ANSPs in the world. We welcome you to join our skilled, motivated and friendly team in Dubai and offer you comprehensive on-the-job training as well as professional development opportunities.

We offer you the chance to live and work in one of the most attractive cities in the world. But there is more you can expect from us:

- a competitive salary package, that is excellent compared to industry standards,
- annual airfare allowance to visit your family and friends at home,
- contribution to school costs,
- excellent medical insurance coverage for all our employees,
- life insurance,
- work life balance based on fair, transparent and employee-friendly shift models, working hours and a generous leave entitlement,
- corporate culture which is characterized by professionalism, which has focused on staff and client needs for decade's,
- sunny weather

Your responsibilities

- Based on your Ratings you will provide Aerodrome control services at DXB International Airport or Approach control services at DWC Airport (serving both DXB & DWC)
- Ensure a safe, orderly and expeditious flow of air traffic within the assigned Airspace
- Maintain a thorough operational knowledge and understanding of the equipment and systems used for the provision of air traffic services
- Report any operational incidents as and when they occur to operational management
- Promote a good HSQE and Information Security culture among their peers, subcontractors and third parties

Your qualifications

- A validated ATC Licence with an Aerodrome or Approach rating
- Minimum of 3 years of experience in exercising that rating at a major International Airport
- Comprehensive knowledge of ATC procedures and standards
- Knowledge of aviation safety management systems
- Ability to work independently under stringent deadlines and high-pressure environment
- Possess strong communication skills, and able to work effectively with stakeholders
- At least ICAO Level 4 in English proficiency
- A valid ATC Medical Certificate
- Ability to understand complex systems and possess good IT skills
- Experience in a multi-cultural environment is an asset
