

DFS Aviation Services
www.dfs-as.aero

DFS Aviation Services is part of the DFS Group - one of the world's largest air navigation service providers. As a modern aviation company we stand for the perfect mix of well-founded experience and progressive ideas. A high quality standard is just as important to us as a lean organisation, international networking and honest ambitions.

Our customers are airports and air navigation service providers all over the world. They all benefit from our expertise, which we provide in the form of absolutely reliable services. Our focus is on the provision of air navigation services and the sale of software solutions, consulting, training and education services.

For our headquarter in Langen, Germany, we are looking for

Trainer / Instructor for Air Traffic Controller Training (f/m/d) Part- and Fulltime possible

Your responsibilities

- As a trainer / instructor at our company's headquarter in Langen, you will primarily be responsible for the provision of Air Traffic Control training utilizing Synthetic Training Devices and classroom based teaching techniques
- You are independently responsible for the planning, preparation and implementation of the training lessons in accordance with company directives
- Design, amend or improve course material in accordance with international standards and best practices
- You are part of a team of trainers / instructors and pseudo pilots and reporting to the head of Training & Proficiency of DFS Aviation Services

Your profile

- You hold or held a valid air traffic controller license with rating APS or ACS
- You hold or held a valid trainer qualification for on-the-job training (OJT) or may train on synthetic training devices (STDI)
- You have at least 5 years of professional experience as an air traffic controller and your independent work as an ATCO was not longer than 5 years ago
- You have at least 5 years of experience as an OJT and in classroom teaching
- You hold at least an ICAO Level 4 English Language Proficiency rating
- You are experienced in course design principles and its application as well as in the use of current MS Office products
- You are willing to work in different working time models
- Finally your written and spoken english skills are very good

Our offer

We offer you a challenging and creative opportunity. Working for one of the most stable and attractive employers in Germany with options of part- and fulltime employment. We welcome you to join our skilled, motivated and friendly team of more than 400 employees worldwide.

Your commitment and dedication will be rewarded with an attractive salary, a company pension scheme as well as a number of benefits we offer our employees. You can look forward to a modern campus environment, a canteen and an attractive range of sport and fitness facilities.

We look forward to receiving your application stating your salary expectations and your next possible starting date.
