

We are DFS Aviation Services

As part of the DFS Group, one of the world's largest air navigation service providers, we offer air navigation services and specialize in the distribution of software solutions as well as consulting and training services world-wide.

As a modern aviation company we stand for the perfect mix of well-founded experience and progressive ideas. A high quality standard is just as important to us as a lean organisation, international networking and honest ambitions.

We look forward to receiving your application stating your salary expectations and your next possible starting date.

Please send your application documents to your contact person

We are looking for

Trainer / Instructor for Air Traffic Controller Training (f/m/d)

Part-/Full-time and permanent position at our company headquarters in Langen

Your responsibilities

- As a trainer / instructor, you will primarily be responsible for the provision of Air Traffic Control training utilizing synthetic training devices and classroom-based teaching techniques.
- You are independently responsible for the planning, preparation and implementation of the training lessons in accordance with company directives.
- Design, amend or improve theoretical and practical course material in accordance with international standards and best practices
- You are part of a team of trainers / instructors and pseudo pilots and reporting to the Head of Training & Proficiency of DFS Aviation Services.

Your qualifications

- You hold or held a valid air traffic controller license with rating ADC and more (e.g. APS)
- You hold or held a valid trainer qualification for on-the-job training (OJTI) or may train on synthetic training devices (STDI)
- An existing license according to Regulation EU 2025/340 would be desirable
- You have at least 5 years of professional experience as an air traffic controller and your independent work as an ATCO was not longer than 5 years ago
- You have at least 5 years of experience as an OJTI and experience in classroom teaching
- You hold at least an ICAO Level 5 English Language Proficiency rating
- You are familiar with course design principles and its application as well as in the use of current MS Office products
- You are willing to work in different working time models
- German language skills would be desirable.

Our offer

- We offer you a challenging and creative opportunity within an international working environment with options of part- and fulltime employment.
- An attractive salary and support for relocation from abroad
- 100% employer-financed company pension scheme
- Company bike leasing, job ticket and free parking lots
- Corporate benefits and an attractive range of sport and fitness facilities
- You can look forward to a modern campus environment, a canteen, company parties, a lounge with table football, sports events and much more...
