

We are DFS Aviation Services

As part of the DFS Group, one of the world's largest air navigation service providers, we offer air navigation services and specialize in the distribution of software solutions as well as consulting and training services worldwide.

DFS Aviation Services can be found at a total of 17 international locations in 6 countries. We have different representative and branch offices in Asia and South America and subsidiaries in Middle East.

As a modern aviation company we stand for the perfect mix of well-founded experience and progressive ideas. A high-quality standard is just as important to us as a lean organisation, international networking and honest ambitions.

We look forward to receiving your application stating your earliest possible starting date. If you are not free now, join one of our teams in the middle east region at a time of your choice and become part of our talent pool – we are flexible and make things possible.

Please send your application documents to your contact person Manuel Stein: jobs.middleeast@dfs-as.aero
